In G.O. No 4577-8-Mis 1103 of the 1st October, 1898, the appt of Dr Wale as Supt of the Med. Stores was sanctioned and the Senior Surgeon authorized to employ Dr Wale as soon as he disconnected himself with the British Service. In spite of this clear instruction, Col Benson, the then Senior Surgeon employed Dr Wale before the expiration of the leave granted to him by the Govt of Madras, and the action of the Senior Surgeon in this behalf was stigmatized as irregular.

Mr. Wale, a retired British Medical Officer, was appointed Superintendent of the Medical Stores at Bangalore, in October 1898, on a fixed salary of ₹150 per mensem, on the special recommendation of the then Senior Surgeon Col. Benson. He was subsequently recommended

for admission into the graded list and for promotion, but the Government more than once de-

clined to sanction the same, as Mr. Wale had been appointed on a fixed salary, and no strong case had been made out for granting him any increase.

Paper under disposal

The Senior Surgeon has again brought his case to the notice of Government for favorable consideration. Mr Wale also saw me in person and represented to me his hard case, adding that at the time of his appointment in Mysore Service, it was not stipulated that he should continue on the same pay without expecting any increase. Col. Benson, whom Mr. Wale consulted,

has spoken well of his services and says that it was never intended that he should not get any increase.

The matter was considered in the Council. In consideration of the fact that Mr.Wale has discharged his duties in an efficient manner, and that he has had no promotion for 7 years, it was resolved to grant him an increase of Rs50 per mensem. This recommendation may be sanctioned.

Sir,

In forwarding, for favourable consideration, the accompanying copy of letter No.1495/M.S.899 dated 23rd January 05, received from Mr.R.R.Wale, Superintendent Mysore Government Medical Stores, Bangalore, I have the honor to state that the fact now brought forward that Mr. Wale was not a retired British officer when first entertained by the Mysore Government - and that the Mysore Government had 3 months arduous service from Mr.Wale for nothing gives a new complexion altogether to his claim.

2. It seems also quite clear that Colonel Benson never considered that the pay he offered Mr.Wale was anything but a temporary arrangement but that it would and should increase with the lapse of time spent in His Highness' service. Mr. Wale's prospects in the British Service were also too good to lead any one to believe that he considered the terms he was making with

His Highness' Government - if these terms meant that the pay he was first offered was never to be improved - as an equivalent of what he could count on, did he continue in British Service.

3. It is a pity that terms were not more definitely set-tled when Mr. Wale first joined, but when the rush & confusion of the occasion are considered, it is perhaps not wholly surprising that things were not arranged with all the desirable business-like precision that should characterise such proceedings.

To

The Senior Surgeon and Sany.Comr.,

Mysore Government, Bangalore.

Sir,

Reg V

With reference to government Proceedings No.4969-96-2/ Md. dated the 9th December 1904 on my application for an increase of salary, I again respectfully submit the following -- facts with the hope that Government will pardon my importunity and graciously reconsider my case.

1. That I retired from the British service for the express purpose of being entertained in the Mysore Service, and that I was not a retired officer when I first joined, as Government seem to think.

2. That at the suggestion of the late Senior Surgeon and Sanitary Commissioner, I obtained three months leave in October 1898 and entered at once upon my duties as Superintendent of the Medical Stores, in order to accommodate the Government, as the Senior Surgeon found it very difficult to meet the demands of Plague which had just then broken out. During this time I drew no pay from the Mysore government.

3. That though I entered upon a salary of Rs.150/- per mensem with free quarters, the Senior Surgeon gave me to understand that I would not be a loser by joining the Mysore Medical Service.

4. That this has been borne out by the fact that he had recommended me three times for an increase of salary clearly -- showing that he had never intended my present salary to be a -- fixity.

5. But for the inducement held out, I should still be in the British Service, ranking as an Honorary Captain and drawing a salary of Rs.450/- which my junior has been drawing for the past year.

6. By my premature retirement from the British for the Mysore Service, I not only forfeited my commission but have lost considerably in the matter of pension, as I would be entitled to Rs.175/- per mensem at the age of 55, whereas I now draw only Rs.100/-

Under the above representations I trust Government -- will be convinced that my grievance is real and that it strongly appeals to their sense of justice, as no sane man would forego his advantages unless there was at least an equivalent, if not a more advantageous prospect in view.

I be, etc.,

Sd/ D.R.Wale
